Der Verkehr in der Bundesrepublik Deutschland

In dieser Serie sind die Veröffentlichungen auf dem Gebiet des Verkehrs zusammengefaßt.

Reihe 1: **Binnenschiffahrt**

In monatlichen Heften und einem Jahresheft mit vorläufigen Ergebnissen wird über den Güterverkehr auf den Binnenwasserstraßen und über den Güterumschlag in den Binnenhäfen berichtet. Dargestellt wird ferner der Durchgangsverkehr an den Auslands- und Zonenübergangsstellen sowie der Güterverkehr an wichtigeren Schleusen.
Ein besonderes Jahresheft enthält außer endgültigen und ausführlichen Ergebnissen der genannten Art auch Angaben über den Bestand an Binnenschiffen und Einzelübersichten über den Güterverkehr nach deutschen und ausländischen Verkehrsbezirken.

Reihe 2: **Seeschiffahrt**

Diese Reihe enthält in den monatlichen Heften und einem Jahresheft mit vorläufigen Ergebnissen Angaben über den Schiffs- und Güterverkehr über See nach Häfen, Flaggen und Verkehrsrichtungen sowie über den Verkehr auf dem Nord-Ostsee-Kanal und über den Bestand an Seeschiffen.
Ein besonderes Jahresheft mit endgültigen und ausführlichen Ergebnissen bringt außerdem Einzelübersichten über den Güterverkehr nach deutschen Verkehrsbezirken und ausländischen Verkehrsbereichen.

Reihe 3: **Luftverkehr**

In monatlichen Heften wurde bis März 1959 über den gewerblichen Verkehr und den Werkverkehr mit Luftfahrzeugen berichtet. Diese Hefte enthielten ausführliche Ergebnisse über die Flugzeugbewegungen im Inlandverkehr und im Verkehr mit dem Ausland, den Personen-, Fracht- und Postverkehr der deutschen Verkehrsflughäfen nach Verkehrsbeziehungen sowie Angaben über die Verkehrsleistungen in Personen-Kilometern, Fracht- und Post-Tonnenkilometern nach Flugarten.
Ab April 1959 werden monatlich die Ergebnisse des gesamten zivilen Luftverkehrs ausgewiesen. Diese Berichte enthalten über den bisherigen Umfang hinaus die Endzielländer der Reisenden und die Versand- und Empfangsländer des grenzüberschreitenden Güterverkehrs nach Gütergattungen. Dazu erscheint ein Heft mit Jahresergebnissen (Teil I: Allgemeiner Luftverkehr, Teil II: Grenzüberschreitender Güterverkehr).

Reihe 4: **Eisenbahnverkehr**

In dieser Reihe erscheint ein Jahresband, der die Güterbewegung auf den Eisenbahnen einschließlich der nicht-bundeseigenen Eisenbahnen nachweist. Dargestellt wird die Transportverflechtung nach 130 Gütergattungen zwischen den einzelnen Verkehrsbezirken des Bundesgebietes untereinander und mit Gebieten außerhalb der Bundesrepublik. Letzter Jahresband für 1958. In Vorbereitung ist z. Z. Jahrgang 1959.

Reihe 5: **Straßenverkehr**

Diese Reihe bringt im Teil I regelmäßig Jahresangaben über die „Güterbewegung im grenzüberschreitenden Straßenverkehr mit Kraftfahrzeugen". In diesen Heften werden die Verkehrsverflechtungen der einzelnen Verkehrsbezirke des Bundesgebietes mit den ausländischen Verkehrsbezirken, unterteilt nach den einzelnen Arten der mit Kraftfahrzeugen beförderten Güter, dargestellt.
In Teil II werden in mehrjährigen Abständen detaillierte Angaben über die „Güterbewegung im Fernverkehr mit Lastkraftfahrzeugen" veröffentlicht. Die erste Veröffentlichung dieser Art liegt für 1955 vor. In diesen Veröffentlichungen werden auf Grund von Totalauszählungen sehr ausführliche Angaben über die Güterbewegung im gewerblichen Güterfernverkehr und im Werkfernverkehr mit Lastkraftfahrzeugen gebracht. Das Werk enthält sämtliche Verkehrsbeziehungen, unterteilt nach 130 Gütergattungen, der innerdeutschen Verkehrsbezirke untereinander sowie die Verkehrsverflechtungen dieser Bezirke mit den Gebieten außerhalb der Bundesrepublik.
Im Teil III dieser Reihe werden in unregelmäßigen Abständen die Ergebnisse einmaliger Statistiken oder Aufbereitungen veröffentlicht. Die Veröffentlichung der Ergebnisse der Statistik der Gemeindestraßen enthält detaillierte Angaben über die Längen der gemeindlichen Innerorts- und Außerortsstraßen, unterteilt nach der Art der Straßen und nach der Art der Straßendecke, in tiefer regionaler Gliederung.

Reihe 6: **Straßenverkehrsunfälle**

Monatlich und in drei Jahresheften wird auf Grund der polizeilichen Meldungen das Unfallgeschehen im Straßenverkehr dargestellt. Die Monatshefte bringen Angaben über die Unfälle, gegliedert nach ihren Folgen und der Örtlichkeit sowie über die Unfallopfer und die unfallbeteiligten Verkehrsteilnehmer. In den beiden ersten Jahresheften werden die Monatszahlen zu Jahresergebnissen zusammengefaßt; das dritte Jahresheft mit endgültigen Zahlen enthält zusätzliche Angaben über Merkmale, die jährlich nur einmal ausgezählt werden. Außerdem werden hier die Einzelmerkmale in Kombination dargestellt, so daß sich neue Aussagewerte ergeben.

Reihe 7: **Grenzüberschreitender Reiseverkehr**

In dieser Reihe wird monatlich und in einem Jahresheft der Reise- und Grenzverkehr mit dem Ausland unter Angabe der Staatsangehörigkeit der Reisenden, der benutzten Verkehrswege und Grenzübergangsstellen dargestellt. Außerdem wird über den Verkehr mit Berlin und der sowjetischen Besatzungszone berichtet.

Reihe 8: **Nachrichtenwesen**

Fortsetzung und Erweiterung der bisher jährlich erschienenen Arb.-Reihe V/34 der Statistischen Berichte. Die Reihe bringt zunächst Ergebnisse über die Rundfunkgenehmigungen. Ab 1961 wird in dieser Reihe auch über das Post- und Fernmeldewesen berichtet werden.

Reihe 9: **Sonderbeiträge**

Veröffentlichungen die sich auf den ganzen Verkehr beziehen, z. B. Nachweis der Güterbewegung auf Eisenbahnen, Straßen und Wasserwegen.
