## Introduction

- 1 ) In the present publication, based on the United Nations "Standard International Trade Classification" (Statistical Papers, Series M, No.10), data are given for the month of December as well as for the year 1956.
- 2 ) In contrast to the monthly reports of January to November the present edition contains in the Tables F und G also values of less than 10 000 US-~~\$~~.
- 3 ) The country data relate to countries of production or consumption. The wording of headings and items and the designation of countries are given in abbreviated form.  
A Classification of Countries showing the detailed areas covered, is printed on the inside cover of this publication.
- 4 ) For definition of the terms "Special Trade", "Quantities", "Values", "Volume", "Countries of Production and Consumption", refer to the introductory notes of  
" Der Außenhandel der Bundesrepublik Deutschland, Teil 1".
- 5 ) A survey in which the SITC-items are set against the numbers of the Commodity Classification for Foreign Trade Statistics of the Federal Republic of Germany can be supplied on request.
- 6a) Dairy products, n.e.s. (item 02909) are contained in items 04809 and 09909.
- b) Electric energy (item 31501) is not shown.
- c) Postal packages (item 91101) are being treated according to their contents.
- d) Prior to January 1956 returned goods and replacements thereof were shown according to their kind; when replaced free of charge, however, these returned goods, as well as the replacements, were not contained in foreign trade statistics. Beginning January 1956, for imports and exports, returned goods without exception are shown in item 931 01, replacements in item 931 02.
- e) Other special transactions such as personal effects of travellers and immigrants, samples and articles temporarily imported or exported remain excluded from foreign statistics.
- f) Unrefined and partly-worked gold, not for international payments, is shown in division 99 or in group 999, respectively.
- 7 ) Data on the Volume of Imports and Exports by Sections of the SITC and on the Index of Current Value, Volume and Average Value by Sections of the SITC during the period prior to July 1956 are contained in "Statistische Berichte" V/33/5.
- 8 ) Data are to be regarded as final.
