Methodical Introduction	3
Alphabetical Index of Countries for Table G (only contained in the report for the month December)	-

T a b l e s:

A. Development of Current Value and Volume of Imports and Exports (Special Trade) by Sections of the SITC	5
B. Index of Current Value, Volume and Average Value of Imports and Exports (Special Trade) by Sections of the SITC	11
C. Imports and Exports (Special Trade) by Sections and Divisions of the SITC	17
D. Imports and Exports (Special Trade) by Groups and Items of the SITC	19
E. Imports and Exports (Special Trade) by Continents and Countries (Countries of Production and Consumption)	37
F. Imports and Exports (Special Trade) by Groups of the SITC and by Countries of Production and Consumption	41
G. Imports and Exports (Special Trade) by Countries of Production and Consumption and by Groups of the SITC (only contained in the report for the month December)	-

Reprint - whole or in part - only permitted when quoting source

Date of publication 24. March 1961

Methodical Introduction

1. The tables reproduced in the present publication relate to the special trade of the Federal Republic of Germany (up to July 5th 1959 without the Saar) including Berlin (West).
The Introduction to "Der Außenhandel der Bundesrepublik Deutschland" (Foreign Trade of the Federal Republic of Germany), Part 1, ciphers 1 to 8, 10 to 14, and 17 is analogously applicable also to the present publication.
2. The specification and grouping of the commodities in the tables are in accord with the practice followed in the Standard International Trade Classification (SITC) of the United Nations (Statistical Papers, Series M, No. 10).
In many items, the commodities have been specified, in an abbreviated form; their complete specification can be seen from the Classification mentioned above.
A comparison between the SITC items and the items used in the Commodity Code for Foreign Trade Statistics of the Federal Republic of Germany has been attached as an appendix to the annual volume of Part 1 of the present publication series. On request, this comparison can be obtained from Statistisches Bundesamt, Wiesbaden direct.
3.
 - a) The SITC groups 013 (meat canned and meat preparations, canned and not canned) and 032 (fish and fish preparations, canned or not) have not been sub-divided by individual SITC items.
 - b) The data relating to SITC items 055-02 and 055-03 have been combined and classified in this way under SITC item 055-09 (other vegetables preserved and vegetable preparations).
 - c) "Dairy products, n.e.s. (ice cream, ice cream powders, malted milk compounds and mixtures, dehydrated products, etc.)" (SITC item 029-09) are included in SITC items 048-09 and 099-09.
 - d) "Meal and flour of maize (corn)" (SITC item 047-02) are included in SITC item 047-09.
 - e) "Silver and platinum ores" (SITC group 285) and "auriferous ores" are not shown separately.

- f) "Building board of paper or of pulp, not impregnated" (SITC item 641-05) are included in "Fibreboards (not paperboards)" (SITC item 631-03).
 - g) "Electric energy" (SITC item 315-01) is not recorded.
 - h) "Postal packages" (SITC item 911-01) are classified according to their contents.
 - i) Up to 1955, goods returned and replaced were classified according to their nature. Goods returned, which were replaced free of charge, and these replacements themselves were up to 1955 not taken up in foreign trade statistics.
Beginning with 1956, goods returned in imports and exports transactions are classified under SITC item 931-01, and goods replaced under SITC item 931-02.
 - k) All other "special transactions" included in SITC item 931-02 are classified according to their nature unless they are exempt from the obligation to be reported.
 - l) "Gold: bullions, semis, coins (incl. silver coins)" not intended for international payments are combined under SITC item 999-99.
4. In the monthly volumes from January to November, only those countries have been reproduced in table F where imports or exports amounted to a minimum of 10 000 US-Dollars. In the December volume this limit has been fixed at 5 000 US-Dollars. Table G is reproduced in the December. Volume and shows figures for 1960, but only insofar as, for groups of the SITC, imports or exports amounted to a minimum of 5 000 US-Dollars.
 5. Data on countries relate to countries of production and countries of consumption. Countries have been given in an abbreviated form. A list of countries with information on their territorial coverage has been reproduced on the inside of the cover of the present volume.
 6. Particulars on the method used in the calculation of the volume and the indices of foreign trade can be seen from the essay "Neuberechnung von Außenhandels-indices für die Bundesrepublik Deutschland auf der Basis 1954" published in "Wirtschaft und Statistik", 10th Year, No. 2, p. 82.
 7. Data relating to 1960 are provisional.
 8. Alterations of figures already released are due to corrections made subsequently.
